SIDE INITIATIVES

SIDE INITIATIVES

During their stay in Teramo, participants will have the opportunity to live extra-sporting moments, provided by a rich program of initiatives and side events.

A series of small and large international events and exhibitions can be enriched by the collaboration of the clubs that would like to report to our secretariat any artists and exhibitors interested in participating.

QUI TERAMO, ITALY - Grand Inauguration Parade (July 8)

“QUI TERAMO ITALIA” (Here, Teramo - Italy) is the slogan that aims to summarise the festive, colourful and evocative context of the tremendous inaugural parade of the Interamnia World Cup, already so rich and cosmopolitan. The traditional parade will take place at night, Monday, July 8, winding through the historic centre of Teramo to merge, as in a magical cocktail, the athletes participating in the handball tournament, Italian and foreign musical, historical, folkloristic and theatrical groups of various kinds. The initiative’s beauty and “magic” consist precisely in the Union, where young people are the protagonists of a marvellous and unforgettable party.

Whether you are dressed in the traditional costumes of your country or city, in a representative uniform or in original and funky clothes, boys and girls from every corner of the globe are here to show off their unique creativity. The event brings together in an ideal embrace the city of Teramo and the countless guests from all over the world, some of whom are undermined by tensions and from whom it wants to emerge a witness of peace and friendship between peoples.

WELCOME MEETING (July 8)

Just hours from the grand inaugural parade, it’s a welcome ceremony for executives and referees.

It is also an excellent opportunity to meet colleagues, forge relationships and kick off the week of sport, friendship and joy.

di sport, amicizia ed allegria.

REFEREES 2024 VS TRAINERS (July 11)

Participants in the tournament but not players, handball experts but not active athletes: The referees present at the 2024 edition of the Cup will “challenge” the coaches who line up their teams. The competition and the fun are assured, and the tournament is confirmed as a moment of meeting and comparison, unique in its kind, of the different realities that revolve around the handball world.

STONES AND PEOPLES TOUR 2024 (July 12)

As part of an exciting project entitled “The Mountains as the Centre of the World”, the Organizing Committee, in collaboration with the Explora International Association, proposes an initiative successfully carried out in the past years, “Stones and Peoples 2024”.

On this occasion, we would like to invite the clubs to bring a small stone from their territory to Teramo, which will be placed over the peak of the Gran Sasso d’Italia mountains among the rocks of mountains that symbolise a symbolic union of the peoples of the earth.

MISS & MISTER INTERAMNIA WORLD CUP (July 12)

Who are the most beautiful of the Interamnia Cup? Indeed, the boy and the girl can wear their cultural identity with naturalness and imagination, giving beauty a wider dimension than that purely aesthetic. Beauty is also joy, colour, style and pride in how you are. It’s a Beautiful World is an actual shrine in which athletes are invited to wear the most clothes they love, the ones that best describe them and that most tell their culture, personality, way of understanding...fashion!

PARTICIPATION OF CULTURAL GROUPS: INVITATION

We invite the participants to give us an indication of a cultural group in their country which can take part in the cultural entertainment initiatives that will take place from 8 to July 14 2024, and, at the same time, to make an exchange with a similar cultural group in Teramo.

For the group, which can consist of a minimum of 3 to a maximum of 6 people, we propose the following conditions:

- Hospitality (free board and accommodation) in school boarding from July 7 to the morning of July 15, 2024.
- Free transport in Italy from Rome airport (or Pescara or Ancona) to Teramo and back
- Medical assistance
- Participation in cultural initiatives indicated in the program

For guidance purposes, we suggest the following cultural sectors:

- Dance (modern or traditional)
- Folklore
- Music (various types of music)
- Street theater
- Cabaret

THE FLAGS OF THE WORLD

We want the colours of the Interamnia Cup to be further enhanced by the colours of the many cities participating in the tournament worldwide. Therefore, we invite all participating teams to carry their own city flag or banner, to be exhibited at the grand opening parade and displayed on the main playing field.

COMPETITION "THE MOST CHARACTERISTIC COSTUME"

To further enrich the traditional inaugural GrandParade with ethnic and folklore content and stimulate participating teams' participation in its most varied aspects, the organisers have launched the Competition "The Most Characteristic Costume". All players are therefore invited to vent their creative spirit and characterise their participation by wearing costumes relevant to their country or city or highlighting the most peculiar aspects of our sporting event. That is fundamentally inspired by the themes of brotherhood and friendship between peoples. A special Selection Committee will identify the most deserving group to which, as a prize, will be offered a complimentary stay in Teramo during the "52nd Interamnia World Cup."

EXCURSIONS TO TERAMO AND AMONG THE BEAUTIES OF ITALY

Given the particularly favorable geographical position of the city of Teramo during the tournament, it is possible to reach the seaside resorts and the water amusement park by public transport in just over half an hour. On the occasion of the initiative "Pietre e Popoli 2024" [Stones and People], an excursion will be made in the mountains, in the heart of the Gran Sasso-Laga National Park, on the highest peaks of the Apennines, organised by the organisation of the event. For those who want to take advantage of their stay in Italy and visit the art cities of Rome, Florence or Venice after the tournament's conclusion, it will be possible to make a trip at advantageous costs. Interested clubs may request detailed information from the Organizing Secretariat.
